SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 6-K

REPORT OF FOREIGN PRIVATE ISSUER
PURSUANT TO RULE 13a-16 OR 15d-16 OF THE
SECURITIES EXCHANGE ACT OF 1934

For the month of May, 2017

Commission File Number 000-30813

UMeWorld, Limited

(Translation of registrant's name into English)

Suite 1504, 15/F, ISLAND CENTRE,
1 GREAT GEORGE STREET, CAUSEWAY BAY
HONG KONG, CHINA

(Address of principal executive offices)

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40F:

Form 20-F Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Exhibit	Description
99.1	Consolidated Financial Statements for the three month periods ended March 31, 2017
99.2	Second Quarter 2017 Financial Results

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

SECOND QUARTER 2017 FINANCIAL RESULTS**General**

UMeWorld is an internet technology company with a focus on the K-12 education market in China. UMFun, the Company's K-12 flagship product, is a cloud-based, adaptive learning and assessment platform that can intelligently analyze and adapt to a student's performance and personalizes the delivery of proprietary educational items in accordance with the student's learning needs. UMFun's off-school version is made available to Chinese K-12 students through China Mobile, the world's largest mobile service provider by network scale and subscriber base, serving over 801,000,000 customers.

UMFun

UMFun is currently available to China Mobile's subscription-based "AND! Education" platform in the Ningxia, Shanxi, Guangxi, Guizhou and Guangdong provinces, servicing over 16,300,000 paid subscribers. Established in 2003, China Mobile's "AND! Education" K-12 subscription-based communication platform is the largest of its kind in the world, used primarily by teachers, students, parents and schools through the provinces that China Mobile services.

The kindergarten-to-grade-12 (K-12) educational system in China is the largest in the world, comprising approximately 200 million students. We intend to provide a range of services to government education authorities, schools, teachers, students and their parents. We have developed the UMFun Formative Assessment Item Bank, a repository of high-quality, standards-based item designed to monitor and track student progress toward mastering standards. Using our item bank educators can:

- Evaluate student skills for placement early in the year
- Measure student progress toward provincial standards
- Provide targeted testing to identify students having difficulty with specific concepts
- Give students valuable test experience in preparation for provincial and national tests
- Assess student readiness for end-of-course or national tests

Our formative item bank consists of nearly 1,000,000 high-quality multiple choice and constructed response items aligned to provincial standards. The items in the bank cover the core subject areas of Chinese Language Arts, English Language and Mathematics.

UMTang

UMTang is an "Uber-like" tutoring platform, that matches qualified teachers with K-12 students. The Company has identified the un-standardized, home-based, K-6 noon-care and after-school tutoring sector as UMTang's entry target for this market. The Chinese K-6 school system requires students to leave school premises between noon and 2:30PM for a lunch break, with school then continuing until 4:30PM. According to market research, 40% of K-6 students require some sort of noon-care and/or after-school tutoring services, currently provided by independently operated, home-based, non-standardized centres. A typical home-based noon-care, tutoring centre services 10 students, earning an average of US\$2,000 per month. Each UMTang centre serves students in a standardized setting, offering many unique services and features including a centralized payment settlement system, real-time monitoring by parents, daily behavioural reports, weekly assessment reports, collaborative teaching and the proprietary online learning tools of UMFun. The Company believes UMTang will set a very high standard of service in this market sector that current independent operators will be unable to match. Furthermore, The Company's market research indicates that parents will be willing to pay a premium for the upgraded environment and learning features that UMTang offers.

There are over 98 million K-6 students in China's K-12 system - a large market in which UMTang's superior educational offering can be preeminent. Through a partnering/conversion program with existing noon-care tutoring operators, The Company intends to establish 1,000 UMTang centres in the City of Guangzhou in 2017, as a near-term revenue producer. Since this tutoring model is readily scalable, The Company plans to expand UMTang services into other Chinese cities via an O2O (online-to-offline) strategy that converts existing UMFun K-6 subscribers into UMTang users as an intermediate-term revenue source.

Since the introduction of the UMTang partnering program on April 17th, 2017, 82 independent operators have joined UMTang, which makes UMTang the largest noon-care tutoring operator in the City of Guangzhou measured by service location.

Overview of Results of Operations

	Mar 31 2017	Dec 31 2016	Sep 30 2016	Jun 30 2016	Mar 31 2016	Dec 31 2015	Sep 30 2015	Jun 30 2015
Three Months Ended	\$	\$	\$	\$	\$	\$	\$	\$
Net Sales	952	0	0	0	0	0	0	0
Net Income (Loss)	(412,544)	(360,366)	(528,475)	(598,860)	(396,142)	(245,220)	(389,011)	(474,750)
Net Income (Loss) per Share	(0.0046)	(0.0040)	(0.0059)	(0.0067)	(0.0044)	(0.0028)	(0.0043)	(0.0054)

Revenue

Revenue for the three-month period ended March 31, 2017 was \$952 as compared to \$0 generated for the same period a year ago. The Company began to generate revenue from UMTang, its noon-care and after school tutoring business.

General and Administrative Expenses

General and Administrative expenses consist primarily of personnel costs related to general management functions, finance, office overheads, as well as insurance costs and professional fees related to legal, audit and tax matters. General and Administrative expenses were \$243,281 for the three months ended March 31, 2017 as compared to \$288,999 incurred for the same period a year ago, a decrease of \$45,718.

Net Gain/(Loss) from Operations

The Company incurred a net loss of \$410,232 for the three-month period ended March 31, 2017 as compared to a net loss of \$395,620 incurred for the same period a year ago.

Interest Expense

Interest expense for the three-month period ended March 31, 2017 was \$50,800 as compared to interest expense of \$32,548 generated during the same period a year ago.

Liquidity and capital resources

As at March 31, 2017 the Company had a working capital deficiency of \$1,258,936 as compared to a working capital deficiency of \$978,583 as at March 31, 2016.

Since inception, we have financed operations primarily from the issuance of Common Stock. We expect to continue Common Stock issuances and issuance of promissory notes to fund our ongoing activities.

We currently do not have sufficient resources to carry out our entire business strategy. Therefore, we will need to raise additional capital to fund our operations sometime in the future. We cannot be certain that any financing will be available when needed. Any additional equity financings will be dilutive to our existing stockholders, and debt financing, if available, may involve restrictive covenants on our business and also the issuance of warrants or conversion features which may further dilute our existing stockholders.

We expect to continue to spend capital on:

1. development, sales and marketing activities related to UMFun, our digital education platform;
2. expansion into the English language training business; and
3. expansion into noon-care & after school tutoring business.

The inability to raise capital would have a material adverse effect on the Company.

Internal control over financial reporting

During the three-month period ended March 31, 2017, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
